

Guide Specifications:

05 40 00 Cold-formed Metal Framing . For use in the preparation of a project specification section covering cold-formed steel exterior wall studs, floor joists, trusses, ceiling and roof joists, and rafters. Materials may be field installed or shop fabricated and field erected. Studs may be either axially-load bearing or non-axially load bearing.

09 22 16 Nonstructural Metal Framing . For use in the preparation of a project specification section covering metal framing systems for interior non-load bearing walls, interior ceilings and exterior soffits.
